

# ICSU & ICAS 2025

Joint Conference of 2025 International Conference Stroke Update  
and International Conference on Intracranial Atherosclerosis

Dear colleagues and friends,

On behalf of the Korean Stroke Society, we are delighted to welcome you to Joint Conference of 2025 International Conference Stroke Update and International Conference on Intracranial Atherosclerosis (**ICSU & ICAS 2025**), which will be held at the **Paradise Hotel in Busan, Korea, from November 27<sup>th</sup> to 29<sup>th</sup>, 2025.**

In previous years, the ICSU was held as an independent conference. This year, we are excited to host ICSU jointly with ICAS, creating a more comprehensive and enriching program. By combining the strengths and expertise of both conferences, we believe that this year's event will offer an even greater opportunity for participants to learn, share, and discuss the latest research results with leading professionals in the field.

**ICSU & ICAS 2025** aims to provide up-to-date and practical knowledge, as well as share academic achievements related to stroke research. World-leading scholars are invited to present state-of-the-art lectures and to share their perspectives in this field.

We are confident that **ICSU & ICAS 2025** will be valuable and beneficial to all participants and will advance scientific standards and quality in our field. The organizing committee will also arrange opportunities to socialize and network with colleagues and friends from Korea and other countries.

Thank you, and we look forward to welcoming you in Busan, Korea.  
Sincerely,

**Sung-Hee Hwang**  
Congress Chair, Korean Stroke Society

**Jong S. Kim**  
Co-chair, ICAS

**Korean Stroke Society**

and International Conference on Intracranial Atherosclerosis

## Abstract Topics

### | Abstract Topics at a Glance! |

01

**Acute Management &  
Prognosis of Stroke**

02

**Basic Neuroscience in Stroke**

03

**Epidemiology**

04

**Interesting Case**

05

**Interventional Neuroradiology**

06

**Intracranial Atherosclerosis**

07

**Neuroimaging**

08

**Pathophysiology of Stroke**

09

**Rehabilitation & Restorative  
Therapy in Stroke**

10

**Risk Factors and  
Prevention of Stroke**

11

**Artificial Intelligence (AI)**

**Korean Stroke Society**
